Fine Art Photography refers to photographs that are created in accordance with the creative vision of the photographer as artist. Fine Art Photography stands in contrast to photojournalism, which provides a visual account for news events, and commercial photography, the primary focus of which is to advertise products or services.

Eligibility

Morristown Art Association invites photographers to participate in the Morristown Art Association 2018 *Fine Art* Photography Juried Show, October 1, 2018, to November 30, 2018, at the Morristown-Hamblen Library. The *fine art* show is open to photographers working in any photography medium, (traditional, digital, and alternative approaches) - we care about well-done art more than the specific medium, technique or format. Photographs should not have hung in any previous Morristown Art Association juried photography show. *Fine Art Photography* of any subject is welcome; there is no required theme for entries.

Juror - Elena Ganusova - Professional Photographer

My name is Elena Ganusova, I was born and raised in Russia, Siberia, to be exact. My background education is in microbiology and biophysics (PhD) and I have a research scientist position at the University of Tennessee. I fell in love with photography when I was about 6, actually my father introduced me into the magic of the black-and-white photography. My interest in photography grew stronger with years and finally I decided to go to the professional school at the University of TN (Knoxville), where I got my first certification in

photography. It is hard to believe, that 5 years ago I did not know much about Professional Photographer associations. Now I belong to the Board of Directors of Professional Photographers of East TN (PPETN), TN Professional Photographers Association (TNPPA) and national PPA. My photographic work had received prestigious awards in the local, state, national and international print competitions. Once I realized the endless possibilities in image creation in Photoshop, it became my new passion. My fine art photo composition images were sold in a number of galleries in Knoxville area.

Entries — New Guidelines

Three (3) photographs may be submitted. Size of entry must be no larger than 36 inches on any side (including frame, if used) and no smaller than an 8- by 10-inch photograph. Photographs may be mounted on a panel (wood, foam core, or metal), on a one-inch gallery-wrapped canvas, or framed. Photographs must be presented in a manner compatible with a gallery hanging system using secure wire or line securely attached to the back of the photograph. Wire should be mounted no more than 1/4 of the way down from the top edge of the photograph/frame and be taunt from side to side so as not to swing away from the top when hung. If a photograph falls off the hanger, it will be removed. Photographs requiring special installation or unusual hanging techniques will not be accepted. Photographs must be allowed to hang for the duration of the show and picked up on the date indicated. MAA Fine Art Photography Juried Show Committee reserves the right to accept or reject any photograph prior to judging and retains the right to disallow any photograph which is inappropriate for this venue. The Juror will make the final decision for displaying work and will select the awards recipients. Points the Juror will consider
